

Bilstein SWRC Points for RA Standings

The Bilstein SWRC points are out from the RA standings and so far Keith Jackson/Marra Estep are ahead of Jim Morris/Steve Palmieri and not far behind in his newest rally car Honda Civic (year in the making) George Doganis/Tom Smith (tied co-driver Adam Kneipp). But there are other teams out there who will be coming forth at Plan B Rally on May 8th to shorten that lead. So keep your eye on those guys as well who are in 4th, 5th and 6th place.

Again Group 2 class is very strong in the field in 2010. We shall see how that plays out by Seed 9 in November...but there is Rally de Paris and anyone game to go to Pikes Peak Hillclimb..we shall see. In the drivers seat George Doganis and Michael Bond from Colorado are very closely matched. Michael said he will be coming out to Plan B...this should be good with their co-drivers right there Tom Smith and Mike Ingoldby. Do not leave out Chris Palermo and Terrence Peterson and their co-driver Jim Burden and Nick Peterson.

Group 5 well we have Camero Jim with his sidekick Steve but we also have Jack Szanto and Jack Penley from Colorado who are on their heels...

Production Class we have Alex Radenmacher and John Black doing their voodoo on each other as usual which started back at Seed 9-2009 when John entered late to see make sure Alex did not see him coming well right now Alex is doing the voodoo on John so what a BATTLE between the two but do not keep out Jim Robinson and Michael...they maybe third they always say luck and sheer determination can do it everytime.

Open Light Class....well Kevin and Nolan are doing just fine by themselves but will be moving up the ranks of overall if everyone is not careful...they are 6th overall but they will sneak up on you if you are not careful.

Remember Bilstein Cup Class is starting back up coming up in May and Bret Norgaard has received over 7 inquires for the shocks...so good luck!

So the standings are below and good luck to all of the competitors are your next event and hope to see you all at Plan B...on May 8th...
